GRADUATE STUDIES AND ACADEMIC DEGREES

- Ph.D. Agricultural and Resource Economics, University of Maryland, 2006. Dissertation: “The Impact of Trade and Policy Liberalization on Argentina’s Agricultural Sector: A Dynamic CGE Model with Endogenous Growth.”
- Master of Science in Agricultural and Resource Economics, University of Maryland, 1999.
- Licenciatura in Economics, Universidad Católica Argentina, 1995.

AREAS OF SPECIALIZATION

- General equilibrium models
- Analysis of domestic and international policies on developing countries
- Economic growth, development strategies
- Adoption of technology
- International trade and negotiations in agriculture

PROFESSIONAL EXPERIENCE

2022- International Food and Policy Research Institute (IFPRI) Washington, DC
Acting head of the Latin America and Caribbean region.

2013- International Food and Policy Research Institute (IFPRI) Washington, DC
Senior Research Coordinator, Markets, Trade, and Institutions Division. Coordinating studies on modeling the impacts of agricultural support policies on emissions from agriculture, reviewing the evidence on incentives for adopting sustainable agricultural practices and their outcomes and development strategies and economic growth, trade policies, effects of economic downturn, and tax policies reduce obesity. Specialize in CGE modeling with emphasis at country level CGEs.

2005 -2012 Independent consultant New York, US.
Worked on strategies for the development of lagging regions in countries in Latin America and developed a CGE for capacity training for the World Bank, Inter-American Development Bank, and the International Food Policy Research Institute.

1996- 2004 International Food and Policy Research Institute (IFPRI) Washington, DC
Research Analyst, Trade and Macroeconomics Division. Worked on Computable General Equilibrium (CGE) models, including social accounting matrices. Concentration on the development of a dynamic CGE model with endogenous growth for Argentina, Chile, Colombia, and Costa Rica

The connections between trade, food security, and nutrition for a sustainable diet'. Editors: Kathleen Kevany, Paolo Prospero. Routledge Handbook of Sustainable Diets.
